

# Henry Cavendish Kite Days - June 2013

Infinite Arts worked at both Henry Cavendish School sites: Balham and Streatham in June 2013.

All the year 1 and year 2 pupils had the chance to make a kite of their own to take home. They learned about materials and tools, and they learned about symmetry and balance. They also had to negotiate space when flying the kites and had the chance to talk about the experience afterwards.

Teacher Frances Adam commented;

“The feedback from pupils has all been really positive, the children had a wonderful time. There were so many smiles and lots of them were saying they'd never flown kites before. Quite a few said it was their highlight of arts week. One of the children said he enjoyed it because it reminded him of being back at home in Afghanistan during the kite festivals.

So thank you, it was all great and I will definitely be recommending your workshop to other teachers.”
